

## Employee Celebrates 40 Years with Wolff Financial Group

*Nancy Willis*

In October of 2024, we celebrated New Business Coordinator Nancy Willis' 40-year work anniversary with Wolff Financial Group!

Nancy began her career with us in 1984, the same year as Greg Wolff, and she's been an invaluable member of our team ever since. Her dedication, knowledge, and meticulous attention to detail have been key contributors to our success.

Nancy has held several roles of increasing responsibility throughout her career with Wolff and she's excelled in them all. Prior to joining Wolff, Nancy worked as an ER receptionist and switchboard operator at Rockville General Hospital in Vernon, CT.

When she's not working, Nancy can be found outdoors, working in her garden or farming. She also enjoys volunteering at Midwest Food Bank, New England.

"Nancy's faith and family are important to her," Wolff Financial Group Partner Keith Wolff said, "and she strongly believes in serving her community."

Keith says Nancy's values have always aligned with Wolff Financial's mission to provide service "beyond the contract" with honesty and transparency. "She's the type of employee any company would be proud to have on their team," he added.

Everyone at Wolff is grateful for Nancy's long-term loyalty and the positive attitude she brings to the office each day.

"The luckiest day in my 50-year-career was the day I went to the hospital for some tests and met her," Wolff Financial partner Greg Wolff said.

"We don't know what we'd do without her," Keith said in agreement, "and I hope we never have to find out."

Thank you, Nan, for your 40 years and your loyalty!
